Fixing a Broken Heart

Christian Bautista

There was nothing to say The day she left Just filled a suitcase Full of regrets I hailed a taxi in the rain Looking for some place To ease the pain, ooh Then like an answered prayer I turned around And found you there You really know where to start Fixing a broken heart You really know what to do Your emotional tools Can cure any fool Whose dreams have fallen apart Fixing a broken heart, oooh... Never could understand What I'm going through There must be a plan That led me to you Because the hurt just disappears In every moment That you are near, yeah Just like an answered prayer You make the loneliness Easy to bearYou really know where to start Fixing a broken heart You really know what to do Your emotional tools Can cure any fool Whose dreams have fallen apart Fixing a broken heart Soon the rain will stop falling baby Let's forget the past 'Cause here we are at lastYou really know where to start Fixing a broken heart You really know what to do Your emotional tools Can cure any fool Whose dreams have fallen apart Fixing a broken heart
