

# Legend

## Borgore

Drinking till I throw up, I don't give a fuck  
Not sure that I'll make it home depending on my luck  
It won't be my first, nor will be my second  
I do what I want, bitches calling me a legend  
Drinking till I throw up, drinking till I die  
All my life feels like I'm living in a lie  
So I wont waste a minute, I wont waste a second  
I do what I want so I'ma die a legend  
Drinking till I throw up, I don't give a fuck  
Not sure that I'll make it home depending on my luck  
It won't be my first, nor will be my second  
I do what I want, bitches calling me a legend  
Drinking till I throw up, drinking till I die  
All my life feels like I'm living in a lie  
So I wont waste a minute, I wont waste a second  
I do what I want so I'ma die a legend  
Drinking till I throw up, I don't give a fuck  
Not sure that I'll make it home depending on my luck  
It won't be my first, nor will be my second  
I do what I want, bitches calling me a legend  
Drinking till I throw up, drinking till I die  
All my life feels like I'm living in a lie  
So I wont waste a minute, I wont waste a second  
I do what I want so I'ma die a legend
