

Red Light Green Light (feat. Shaun Ross)

Duke Dumont

[Verse 1]

Duke, uh, can you turn that beat up a little bit?

Yeah, just like that, prefect

There's two instructions, I need you to follow

When I say red light, I need you to stop

When I say green light, I need you to go[Chorus]

Red light, green light

Now when the strobe light hits, I want you to move like this

Now when the strobe light hits, I want you to move like this

Hit the strobe, hit the strobe

Hit the strobe, hit the strobe

Hit the strobe, hit the strobe

[Verse 2]

Now, now, now, now, now

We know we've all been through kindergarten, people

So we know what a red light and a green light is

So when I say red light, stop[Chorus]

Red light, green light

Now when the strobe light hits, I want you to move like this

Now when the strobe light hits, I want you to move like this

Hit the strobe, hit the strobe

Hit the strobe, hit the strobe

Hit the strobe, hit the strobe

Green light

[Outro]

Yeah, just like that, prefect

I'm just floating, I'm filling in for the groove

Keep a loop in

Red light
