Crank It Up

Colt Ford

Country girl shake the hips
DJ make that records still,
Is so strange that red neck rage you
Doing bottle shuts and yaker,
Let it in
We on that old shine let it zipping of the headache
We show to Vegas I was country folk party
What happened in the backwoods
Stay in the backwoods
We go like hell so hard as a .
So crack it up, bust all that party you ma girl
Yeah I'm dancing with the girl up on my flat
'on her mother roll wide
We get all and we can get it all
So crack it up, crack it up
Man crack all the beat put ACDC on repeat
We shake it all night long to the powel, powel, powel up
You know m, I roll deep
Is three am you know we only getting started
We show in Vegas I was country folk party
What happened in the backwoods
Stay in the backwoods
We go like hell so hard as a .
So crack it up, bust all that party you ma girl
Yeah I'm dancing with the girl up on my flat
'on her mother roll wide
We get all and we can get it all
So crack it up, crack it up
Crack, crack it up
So crack it up
bust out the JD high trees
Stay a little closer right next to me
Cuz we about to turn this '
crack it up, bust all that party you ma girl
Yeah I'm dancing with the girl up on my flat
'on her mother roll wide
We get all and we can get it all
So crack it up, crack it up
