Kidneythieves

I'm elevated [I've become a whore so I prepare to breathe]
I'm stimulated [I'm becoming sworn to you for secrecy]
I'm re-created [anything you want I will forever be]
I'm glad you made itSpiritualize my sensuality, in your eyes, between you and meYou're
elevated [connected to the depths of the seven seas]
You're stimulated [I can feel your pulse and now it's part of me]
I'll be creative [anything you want I will forever be]
For you I'll save itSpiritualize my sensuality, in your eyes, between you and meI can't evade it
You're all I've needed
I am created
This has been a hell of a trip.
