

# Universe

## Savage Garden

Well I'd like to take you as I find you  
Imagine our clothes are on the floor  
Feel my caress so soft and gentle  
So delicate you cry for more  
But you know baby, You know baby does it right  
And you know baby does it right. Universe inside of your heart  
You gotta let me know  
So you can be free baby  
You wanted it so much  
And now that its over  
You don't know what you want  
Put time in a capsule  
Two minds consensual  
Entwined to perfection  
If we could...Cuddle up close, Lay on my chest now  
Listen our heart beats coming down  
If you get tired you close your eyes now.  
When you wake I won't be found  
Cause I know baby  
I know you're the nervous kind  
With so much going on in your mind Universe inside of your heart  
You gotta let me know  
So you can be free baby  
You wanted it so much  
And now that its over  
You don't know what you want  
But let me tell you that, this time  
I'm gonna make you mine  
(I wont let you go)  
Cause I know this time  
I'm gonna make sure I look out for me. Cause you know baby, You know baby does it right  
And you know baby does it right. You will only end up lost in loneliness  
And wake up with the words already on your lips.  
So I'll let you go baby  
So I'll let you go...  
Universe inside of your heart  
You gotta let me know  
So you can be free baby  
You wanted it so much  
And now that its over
