Time Is Up (feat. Diplo)

Poppy

In the factory
In the sterile place where they made me
I woke up alone
Dizzy from the programming
Have I been wiped again?
Oh my God, I don't even know
It's a mystery
Everyone around me's so busy
This is my home
Am I your prisoner or your deliverer?
Oh my God, you don't even knowI don't need air to breathe
When you kill the bees and every river bend is dry as a bone
Oh, I'll still survive when the plants are dying
The atmosphere is just a big hole
Baby, your time is up, ooh
Baby, your time is up
Baby, your time is up, ooh
Baby, your time is up, time is up, time is up
(Baby, your time is up, up
Baby, your time is up, ooh)Exponentially, everyday I'm growing my memory
You wouldn't believe
Your live is meaningless, your just like cockroaches
Exterminations your only hope
Human history, pollution and overcrowded cities
That's your legacy
But don't look so depressed
You'll soon you'll be nothingness
Oh my God, you don't even know
I don't need air to breathe
When you kill the bees and every river that is as dry as a bone
Oh, I'll still survive when the plants are dying
The atmosphere is just a big holeBaby, your time is up
Baby, your time is up
Baby, your time is up
Baby, your time is up, time is up, time is up
Baby, your time is up, ooh
Baby, your time is up
Baby, your time is up, ooh
Baby, your time is up, time is up, time is up
(Baby, your time is up, up
Baby, your time is up, ooh)
Baby, your time is up
