

I'm a Woman

Minnie Riperton

(Riperton - Rudolph - Thedford)

I'm silk and satin

And I know child and lover's pain

But don't be fooled 'cause I'm tender hearted

I'm stronger than a hurricane I like fire, I like ice

I can cut you like a knife

But I'd rather be nice

I'm a woman So don't push and don't shove

What you want there's plenty of

I was born to make love

I'm a woman

Hot nights... dripping passion

Lead you to my bed of flames

Leave your world enter my enchantment

And I will love you wild and un-restrained
