Cassidy

Brett Dennen

Cassidy, is reggae music playing on the beach
Blue moon tonight, and there isn't a cloud in the sky
Grab your Swiss Army Knife and the blanket and meet me outside
Yeah, come on
Cassidy, the things I lean on are slippery
But I know I love you
And you make it so hard to leave
But I'll keep loving you 'til I'm only a memoryWe spend our whole lives movin' on
Reachin' out for lovin' arms
The night is young come out with me
Cassidy, with the ocean in your hair
Come out with me, Cassidy!
I'll be tangled up tonight but tomorrow
I'll be up in the air
Come on, county line
Crazy weed down from Caroline
All the smoke hung in the air while the sun was setting
You said it looked just like an oil spill in heaven
Don't say fair thee well
You got that anxious feeling I can tell
You're getting antsy let's go up to Neptune's den and have a drink
And plan a trip somewhere to a beach in a magazineSpend my whole life movin' on
Reachin' out for lovin' arms
The night is young come out with me
Cassidy, with the ocean in your hair
Come out with me, Cassidy!
I'll be tangled up tonight but tomorrow
I'll be up in the air
Cassidy, I love the feeling of stayin' on my feet
With salt on my skin,
You say you'd never wear clothes again if you didn't have to
You know I can't really be there for you but I sure would like to
Show me, show me, show me love
No one else can make me open up
The way you do
I was livin' in my own little prison
I used to decorate the walls that kept me inWe spend our whole lives movin' on
Reachin' out for lovin' arms
The night is young, come out with meCassidy, with the ocean in your hair
Come out with me, Cassidy!
With the ocean in your hair come out with me
Cassidy, the ocean all in your hair

Come out with me, Cassidy!
I'll be tangled up tonight but tomorrow
I'll be up in the air
