

# Waiting so Long

## Popcaan

Yo mi know yo wann give me the thing you know  
How you move so?  
Stop listening to what your friend them a say  
Hey Baby. Mi know you want me  
Mi want you and we don't sorry  
Make mi put the ring pon your finger  
Take your clothes off, you are cutie baby  
Girl, I been waiting so long, so long fi your sexy body  
I know some time in the future  
Maybe sooner you a go call mi your baby daddy  
And baby, the feeling mutual  
Love you same way as usual  
No make them tell you 'bout new gal  
Mi love you mi no need no approval  
No girl no feel sexy like you, in my arms girl  
Plus thing girl, you done took up the whole of the space, in my heart girl  
A you a mi world  
She say, her friends tell her say no fi dweet  
People a say mi have crazy gal a street  
Star like me no want no girl fi peek  
If mi have a girl mi will love her too  
No gal inna the world no do it like you  
Take every money whe mi have, take every car too  
Mi no love no one like you  
And Baby. Waiting so long, so long
