## Spectrum (feat. Matthew Koma)

## **Zedd**

Breathing you in when I want you out Finding our truth in a hope of doubt Lying inside our quiet dramaWearing your heart like a stolen dream Opening skies with your broken keys No one can blind us any longerWe'll run where lights won't chase us Hide where love can save us I will never let you go We'll run where lights won't chase us Hide where love can save us I will never let you goBreathing you in when I want you out Finding our truth in a hope of doubt Lying inside our quiet dramaBreathing you in when I want you out Finding our truth in a hope of doubt Lying inside our quiet dramaWearing your heart like a stolen dream Opening skies with your broken keys No one can blind us any longerWe'll run where lights won't chase us Hide where love can save us I will never let you go We'll run where lights won't chase us Hide where love can save us I will never let you go We'll run where lights won't chase us Hide where love can save us I will never let you go Breathing you in when I want you out Finding our truth in a hope of doubt
