Feelin' Single

R. Kelly

I can't believe you're playing me like this
After all the love we shared, the contacts we've had, remember?
Yeah!Feels like it's over
My heart tells me she's in love with someone else
Gave me the cold shoulder
But it's her loss, cause I can find me somebody elseIf she wanna hit the town
And party all night with her friends
If she wanna fool around, woah
Then two can play that game, baby.
You got me feeling single
About to get out
Find somebody
Who's gonna love me, girl
Feeling single
Night is young, hit the club
Take somebody home with meGet it, get it, get it, get it
We can get it, baby
Get it, get it
Now that I'm singleShe said forever
Turned out to be the biggest lie of all time
And she changed my weather
Raining all day, no chance of sunshine
If she wanna hit the town
And party all night with her friends.
If she wanna fool around,
Then took the pain you gave, baby
You got me feeling single
About to get out
Find somebody
Who's gonna love me, girl
Feeling single
Night is young, hit the club
Take somebody home with me.Get it, get it, get it, get it
Till morning, baby
Get it, get it
Now that I'm singleThe way I see it, girl, not gonna do right
About me, baby girl
And I might as well (I might as well)
I might as well get out a mingle, girl
Cause you got, you got, you got me feeling singleYeah, about to get out
And I don't wanna do it, baby
Find somebody

But you're gonna make me
Who's gonna love me
Feeling single
Treat me right, baby
Be in my house, in my room, in my bed
In my arms at night baby
And she's gonna love me, baby
And she's gonna give all loving loving, baby
Oh, oh
