

Every Part of Me

Hannah Montana

I feel like I'm a millions miles away
From myself more and more these days
I've been down too many open roads
But they never lead me home And now I just don't know who I really am, how it's gonna be
Is there something that I can't see?
I wanna understand Maybe I will never be who I was before
Maybe I don't even know her anymore
Or maybe who I am today ain't so far from yesterday
Can I find a way to be every part of me?
So I'll try, try to slow things down
And find myself, get my feet back on the ground
It'll take time, but I know I'll be alright
'Cause nothin' much has changed on the inside It's hard to figure out how it's gonna be?
'Cause I don't really know now
I wanna understand Maybe I will never be who I was before
Maybe I don't even know her anymore
Or maybe who I am today ain't so far from yesterday
Can I find a way to be every part of me?
Yeah, I don't wanna wait too long
To find out where I'm meant to belong
I've always wanted to be where I am today
But I never thought I'd feel this way
Maybe I will never be who I was before
Maybe I don't even know her anymore
Or maybe who I am today ain't so far from yesterday
Can I find a way to be every part of me?

Every part of me
