

I Almost Killed You

Billy Bragg

You see a rainbow
I see a dark cloud
You see your new friends
And I see a bad crowd
I almost killed you
Nearly killed you
Almost killed you
With my love I'll put a gun up to my head
If you treat me this way
Is it fake, is it real?
Are you feeling lucky today?
I almost killed you
Nearly killed you
Almost killed you
with my love
Like a gypsy child
You wouldn't be christened
You just wouldn't listen
The tune that you dance to is not of my making
I can't countenance the steps you're taking
I almost killed you
Nearly killed you
Almost killed you
Nearly killed you
