## Florasia

## **Taylor McFerrin**

Reasons for leaving you I can't think of Never had to We both understand that we Are the reason for one another Seasons will be new And we'll both find ourselves so far apart Stay my love I will always learn to find a way So I gotta just straighten out Your heart Feel this Don't lie Then I felt this from the start Cause I can't see us Often Places Where I Only that I can take you I could never dream the dream without you We both understand that we Are the reason for one another Seasons will be new And we'll both find ourselves so far apart Stay my love I will always learn to find a way x2 Song Discussions is protected by U.S. Patent 9401941.
