

# Body On Me

Ashanti

The way that you walkin, the way that you talkin  
you're the one i want to spend this night with  
tryna get in them draws and bang it out til the morning  
i can already tell you want it  
cause you shakin it all for me, givin it all to me  
rubbin dat body on me  
keep on shakin it all for me, givin it all to me  
rubbin dat body on meHey boy  
I think I just might wanna come see you tonight  
And you can have your way boy  
I know it's been a while since you made my body right  
Now I've been waiting patiently, anticipating you and me  
And it ain't no question cause boy I love you when you put that body on me  
The way that you walkin, the way that you talkin  
you're the one i want to spend this night with  
tryna get in them draws and bang it out til the morning
