## Low Cut Connie

I'm down on my knees  
You read a paper or watch TV  
Don't even say a single word to me  
Talk to me You're slippin' away  
Sit around a trailer and sleep all day  
Somethin' funny and you just won't say

It's not okay Beverly  
Come on and talk to me  
Now that you're free to try

In the street  
You're shakin' my self-esteem  
Believe in the dream or not

Beverly, yeah  
I'm screamin' your name

Bend over backwards while you watch the game  
You're makin' faces just to feed the flame

It's such a shame Beverly  
Come on and talk to me  
Now that you're free to try

In the street  
You're shakin' my self-esteem  
Believe in the dream or not

Beverly, yeah  
Beverly

Come on and talk to me  
Now that you're free to try

In the street  
You're shakin' my self-esteem  
Believe in the dream or not

Beverly, yeah Beverly  
Beverly
