

The Concept

Cheat Codes

Yeah, here's the concept
No more stress for me, [?]
Please don't step to me, I might flex
Need more checks, I came to collect
Uh, here comes the concept, YSL all over my chest
Please don't step to me, I might flex
Need more checks, I came to collect
Uno, dos, tres, go I keep my feelings inside
I talk to the man in the mirror sometimes
Don't try to come get me, I'm willing to die
Yeah, I feel it coming in the air tonight
Reach, keep them hands in the sky
You cross on my people, to me, that's a crime
Preaching to me, that's a lie
Counting my money, I [?] everytime
Need more checks, I came to collect
Here comes the concept
Need more checks, I came to collect
Please don't step to me, I might flex
Need more checks, I came to collect
Uno, dos, tres, go Yeah, here's the concept
No more stress for me, [?]
Please don't step to me, I might flex
Need more checks, I came to collect
Uh, here comes the concept, YSL all over my chest
Please don't step to me, I might flex
Need more checks, I came to collect
Yeah, here's the concept
No more stress for me, [?]
Please don't step to me, I might flex
Need more checks, I came to collect
Uh, here comes the concept, YSL all over my chest
Please don't step to me, I might flex
Need more checks, I came to collect
