

# See the Way (feat. Sabrina Claudio)

## The Chainsmokers

I go from "Okay, I'm okay" to "I'm not okay" in point two  
I go from cool in my new place to packin' my suitcase like you  
I said it over and over that I wouldn't do this Go find someone new and just fuck my way  
through this  
But no way or no way I'm okay when thinkin' 'bout you You were right when you said it, keep  
my cards to my chest  
And I never let no one know me, I pushed you out  
Now I get that you needed just a little more love  
And to just see me wide open and breaking down When no one's there to listen, I will hear your  
pain  
I know that I was less than, but you know people change  
So tell me, what's the difference if we still feel the same?  
It takes a little distance to make you see the way  
I go from "Okay, I'm okay" to "I'm not okay"  
From "Okay, I'm okay" to "I'm not okay"  
From "Okay, I'm okay" to "I'm not okay"  
From "Okay, I'm okay" to "I'm not o—"  
I go from "Okay, I'm okay" to "I'm not okay"  
From "Okay, I'm okay" to "I'm not okay"  
From "Okay, I'm okay" to "I'm not okay"  
From "Okay, I'm okay," "I'm not o—," "I'm not o—" Deleted your photos, don't know what I  
thought it would do  
And I know what you're thinkin', that's never something I would do  
I wish I could lie, but I'm so not a liar  
Been trying and I try to pretend that I'm fine  
But I just end up lying here, feeling more than I want to You were right when you said it, keep  
my cards to my chest  
And I never let no one know me, I pushed you out  
Now I get that you needed just a little more love  
And to just see me wide open and breaking down  
When no one's there to listen, I will hear your pain  
I know that I was less than, but you know people change  
So tell me, what's the difference if we still feel the same?  
It takes a little distance to make you see the way I go from "Okay, I'm okay" to "I'm not okay"  
From "Okay, I'm okay" to "I'm not okay"  
From "Okay, I'm okay" to "I'm not okay"  
From "Okay, I'm okay" to "I'm not o—"  
I go from "Okay, I'm okay" to "I'm not okay"  
From "Okay, I'm okay" to "I'm not okay"  
From "Okay, I'm okay" to "I'm not okay"  
From "Okay, I'm okay," "I'm not o—," "I'm not o—" Okay, I'm okay, I'm okay, I'm okay  
I'm okay, I'm okay, I'm okay, I'm okay

I'm okay, I'm okay, I'm okay, I'm okay  
I'm okay, I'm okay, I'm okay, I'm okay
