

# 007 (feat. DeJ Loaf)

## Birdman & Jacquees

Lost at sea nigga  
Can't see nothing but the water  
Ay we ain't playin' 'bout this side  
You owe me money, better hide  
Too many niggas, that done tried  
Too many niggas, that done died  
I tuck the pistol when I ride  
Got pretty bitches getting high  
007, I'm golden  
And I brought my set to the NOLA  
Nigga know what I'm doing  
Bad hoes I'm pursuing  
Bitch I'm icy like a Bruin  
Bitch we icy, fuck a Bruin  
Hit that pussy from the back  
I'm Chipper Jones with a bat  
Ran off on the plug  
And we ain't never coming back  
See me and Tunechi got a stack  
See me and Stunner got a stack  
See being broke is like an ex  
And I ain't never going back  
My jewelry shine like a plaque  
You tuck your chain, you a bitch  
Load the chopper, yelling free the 'Woper  
Know we Gucci 'cause I'm from the six  
Notice how I hustle no play  
They been tryna block us all day  
We ain't finna let 'em stop us  
So I'm still on the block with my gun  
Ay we ain't playin' 'bout this side  
You owe me money, better hide  
Too many niggas, that done tried  
Too many niggas, that done died  
I tuck the pistol when I ride  
Got pretty bitches getting high  
007, I'm golden  
And I brought my set to the NOLA  
I said woah woah, yeah yeah  
Chopper gon' hit you from both sides  
Niggas be thinking shit sweet 'til we pop up  
Kids close your eyes

Make sure before you come for me  
Bitch close your thighs  
Hoes can't control they selves  
It's a must they die  
You don't even want to know what's in the trunk  
That ain't the trunk, bitch that's the trunk  
I been the shit since I was on sippy cups  
You ain't got balls, pull your zipper up  
That's a hundred right there, cool fifty tucked  
Try to touch anything, we go cocoa puffs  
Yeah, crack your coconut  
Pussy  
Notice how I hustle no play  
They been tryna block us all day  
We ain't finna let 'em stop us  
So I'm still on the block with my gun  
Ay we ain't playin' 'bout this side  
You owe me money, better hide  
Too many niggas, that done tried  
Too many niggas, that done died  
I tuck the pistol when I ride  
Got pretty bitches getting high  
007, I'm golden  
And I brought my set to the NOLA
