

# For Love I Come

## Thundercat

Life, love, like time put in  
Left right, they spin within  
Come to me, I come your friend.  
Those hopes, they're growing old  
Love waits for you to bond  
Come to me, I'll rest your soul

-

Oh lord, like earth and sand  
Why wait for my command?  
Come for me, I'll come for man
