Vanishing Light

In Flames

A vanishing light
The end of a compromise
A fury and rage
A dream will be managedBeyond getting them in lines
Learn to survive
A fine way to
Make friends and a place to call homeTake a picture and
Jump before we crash
Take a picture and
Jump before we crash
We'll slide away and
Learn your ways
We'll fire when ready
This is the race
To no mans land
But in no set directionYou're on the easy route
Money a front, theres no doubtTake a picture and
Jump before we crash
Take a picture and
Jump before we crashWe'll slide away and
Learn your ways
We'll fire when ready
This is the race
To no mans land
But in no set direction
Its so, so sad
But pay no mindTake a picture and
Jump before we crash
Take a picture and
Jump before we crashWe'll slide away and
Learn your ways
We'll fire when ready
This is the race
To no mans land
But in no set direction
