

Kill the Sexplayer

Girls Against Boys

Kill that noise
Kill the noise
Make it alright Kill the drummer
Kill the bass player, kill both bass players
This song is so hip right now I'm going deaf, I wanna kill the singer
Kill the 3x bass expansion unit (One of us will fall, one of us will catch it)
Kill the drummer, he can't play (One of us will break)
Yeah, I wanna make it alright (One of us will fall)
Kill my headache, kill the sugar (One of us will catch it)
Kill the honeybees, way off time (We are not friends)
Strip it down, take it to the house us (This is not like us)
Kill the singer (There is no time)
Make it alright
Make it alright Kill the sexplayer (Kill the sexplayer)
Saxplayer
Kill the sexplayer (Kill the sexplayer)
Kill the sexplayer (Kill the sexplayer)
Sexplayer
Kill the sexplayer (Kill the sexplayer) How am I doin' so far?
How am I doin' so far?
That music really turns me on, maxes me out
I want to shoot it, I want to shoot the sexplayer (One of us will fall, one of us will catch it)
I want to get right down to it (One of us will break)
Strip it down (One of us will catch it)
We gotta to amuse ourselves somehow (One of us will fall) We'll make it all right
We'll make it all right
Kill the sexplayer (Kill the sexplayer)
Kill the sexplayer
Kill the sexplayer (Kill the sexplayer)
Kill the sexplayer (Kill the sexplayer)
Kill the house, kill the audience (Kill the sexplayer) [Bridge] Kill the sexplayer (One of us will fall)
Kill the sexplayer (One of us will fall)
Kill the sexplayer (One of us will fall)
Saxplayer
Kill the sexplayer (One of us will fall)
