

He Is All We Need

Highlands Worship

Carried only by your grace and mercy God
But we are underserving you call us your own
Once were orphaned,
Now we sit at the table of the king
And no ear has heard or eye has seen
The love that lives through all eternity He is all we need
Savior to the lonely ones
Banner of victory
Hope of the world
He calls the darkness into light
He brings the dead to life
He is all we need
He is all we need
Narrow is the road that you, call us to walk
A life of surrender
A living sacrifice
Now all our earthly treasures
We count them all as loss
And we gladly answer the call
And humbly we will take up our cross He is all we need
Savior to the lonely ones
Banner of victory
Hope of the world
He calls the darkness into light
He brings the dead to life
He is all we need
He is all we need
He is all we need
Savior to the lonely ones
Banner of victory
Hope of the world
He calls the darkness into light
He brings the dead to life
He is all we need
He is all we need Jesus savior has come
We believe the savior has come
We know that,
Victory been won
Because Jesus the savior has come He is all we need
Savior to the lonely ones
Banner of victory
Hope of the world

He calls the darkness into light
He brings the dead to life
He is all we need
He is all we need
