

Here, There and Everywhere

Paul McCartney

To lead a better life I need my home to be here...Here, making each day of the year
Changing my life with the wave of her hand
Nobody can deny that there's something thereThere, running my hands through her hair
Both of us thinking how good it can be
Someone is speking but she doesn't know he's thereI want her everywhere and if she's beside me
I know I need never care
But to love her is to need her everywhere
Knowing that love is to share
Each one believing that love never dies
Watching her eyes and hoping I'm always thereI want her everywhere and if she's beside me
I know I need never care
But to love her is to need her everywhere
Knowing that love is to share
Each one believing that love never dies
Watching her eyes and hoping I'm always thereTo be there and everywhere
Here, there and everywhere
