

I Smell a Rat

Buddy Guy

I think I smell a rat in my house, baby I believe you got just too late
Aw, I smell a rat, I smell a rat in my house, honey, I think you walkin' 'round too late
You know I need a rat in my house like this now, just like I need a hole in my headYou cry
 baby you afraid at night, you say you can't stay home all alone
Oh you said you afraid, afraid to stay home at night, you say you didn't want to be home alone
 Oh, but I can smell a rat in the time I get back, and all, and all you do is gonna make me
 moanYou got my backdoor wide open, baby you say you're supposed to be afraid
 You got my backdoor wide open, and you tell me you're supposed to be afraid
 You know the last time I slept with it opened, you know 'was so cold I almost lost my
headSometime I think you're foolin' me baby, and I do believe it's just drivin' me around
 Sometime I think you're foolin' me baby, honey I think you're just drivin' me around
Why don't you leave me alone woman, you know I think there's another women I can go,
 I can be foundI think that you have it to explain. honey I'm not that hard to understand
 Did you ever try to sit down and explain, I am not that hard to understand
 You will be sleeping with the backdoor open, baby or with another man
 You're so good, I don't believe I wanna leave you alone
 Oh you're so sweet to me, I don't believe, I can leave you alone
 Stayin', and peepin' like you got a woman, and try to make me, all happy
