

Already Callin' You Mine

Parmalee

I barely know you, you barely know me,
We ain't but two slow dances into this thing.
Come one and sit down, I'll order us a round.
I want to know everything. Girl, where's your hometown?
Are those your momma's eyes?
What are you doing for the rest of your life? Cause I'm already thinking bout you and me getting
out of here and taking a drive.
Just slide a little closer, put your head on my shoulder like this ain't our first time.
Girl, don't worry bout holdin' on tight cause I'm already calling, I'm already calling you mine.
Whoa, whoa. I know that there's a chance,
I'm thinking too fast. Tell me, tell me am I right or am I reading this wrong?
They'll play the last song, the lights will come on, that don't mean we can't take the long way
home, home, home. Cause I'm already thinking bout you and me getting out of here and taking a
drive.
Just slide a little closer, put your head on my shoulder like this ain't our first time.
Girl, don't worry bout holdin' on tight cause I'm already calling, I'm already calling you mine. If
you like the way that sounds, we can leave this place right now, right now.
Cause I'm already thinking bout you and me getting out of here and taking a drive.
Just slide a little closer, put your head on my shoulder like this ain't our first time.
Girl, don't worry bout holding on tight cause I'm already calling, I'm already calling you
mine. Whoa, whoa. I'm already calling you mine. Whoa, whoa.
