Next to my bad bitch, another one
Living like KhaledBack with another one
Hi and I gassed up another one
Next to my bad bitch, another one
Living like Khaled

Living like Khaled
Fucking a stallion
Drugs I'm off balance
Hen in palate
I put my brothers on the me too
Niggas ain't valid
Eat'em like cabbage
Smoking on salad
I just bought carrots
Trying cop cribs out in Calabassas
Peep that fake shit I don't need no glasses
Draw up that work I don't need no plastic
This is that war time you scared of masses
If she need me a penny gon' drop like ashes
You can't beat me you standing in front cassius
(Cassius cassius cassius cassius)
Living like Khaled
Living like Khaled
Living like Khaled
Living like Khaled
Living like Khaled
Smoking on salads
I just bought carrotsBack with another one
Hi and I gassed up another one
Next to my bad bitch, another one
Living like KhaledBack with another one
Hi and I gassed up another one
Next to my bad bitch, another one

Living like KhaledCome from where you hustle
Everyday a struggle
Lost so many homies I pour henny puddles
Lost so many homies I'm not gonna trust you
Lost so many homies I move with the muscle
I just look for money I keep finding trouble
Where its at? Watch my back cause they don't love you
Copycat, niggas tryina' hack a huddle
(?) pass now I'm upper than shuttle
And I'm being humble
I was down u wasn't there till i bubbled
What you expect you up next they all on you
I just thank god cause we came from the rubble
Low as a stumble I ain't finna' fumble
Cold as my heart in the jungle I rumble
Who else you know that made it thru the puzzle?
All this shit double when my vision toggleLiving like Khaled
Living like Khaled
Living like Khaled
'Till I'm living by Khaled
Living like Khaled
Smoking on salads
I just bought carrotsBack with another one
Hi and I gassed up another one
Next to my bad bitch, another one
Living like KhaledBack with another one
Hi and I gassed up another one
Next to my bad bitch, another one
Living like Khaled
