

# Let Me Down Slow

## New Hope Club & R3HAB

Heaven knows we're out of luck  
Been on the point of giving up  
If all is fair in war and love  
Then why do we fight?  
Something ain't right 'Cause we don't really talk about life no more  
I'm just here on my own tryna laugh it off  
When the night comes crawling I'm holding on  
For something to change, tension to break  
It's about time What are you hiding?  
'Cause I got the right to know  
There's something different in the way you look  
What are you fighting?  
If you're gonna let me go  
It's gonna hurt, so choose your words  
Baby, let me down slow (Let me down, let me down)  
Baby, let me down slow (Baby, let me down slow)  
Baby, let me down slow (Let me down, let me down)  
Baby, let me down Who's misguided? Who's to blame?  
The first to have the final say?  
If love is just a wicked game  
Then why do we play?  
Then why do we play? And it hurts seeing you tryna put me off  
Tryna make me be the one to break it off  
When the night comes crawling, I'm holding on  
For something to change, tension to break  
It's about time  
What are you hiding?  
'Cause I got the right to know  
There's something different in the way you look  
What are you fighting?  
If you're gonna let me go  
It's gonna hurt, so choose your words Baby, let me down slow (Let me down, let me down)  
Baby, let me down slow (Baby, let me down slow)  
Baby, let me down slow (Let me down, let me down)  
Baby, let me down What are you hiding?  
'Cause I got the right to know  
There's something different in the way you look  
What are you fighting?  
If you're gonna let me go  
It's gonna hurt, so choose your words Baby, let me down slow  
Baby, let me down slow

(Let me down, let me down, let me down really slow)
