## Marilyn Manson

When you wish upon your star  
Don't let yourself fall... fall in too hard. I fell into you now I'm on my back,  
An insect decaying in your little trap.  
I squirm into you now I'm in your gut  
I fell into you now I'm in a rut. Lift you up like the sweetest angel,  
I tear you down like a whore.  
I will bury your god in my warm spit,  
You'll be deformed in your porn.  
(rock star... you're such a)  
ROCK STAR, YEAH (you're such a dirty, dirty)  
ROCK STAR, YEAH (you're such a dirty, dirty)  
ROCK STAR, YEAH (you're such a dirty, dirty)  
ROCK STAR, YEAH (dirty, dirty, dirty) You eat up my heart and all the little parts  
Your star is so sharp it leaves me jagged holes  
I make myself sick just to poison you  
If i can't have you then no one will  
(chorus) You are the one I want and what I want is so unreal (x4) I'm such a dirty rock star yeah  
(I am the one you want and what you want is so unreal)
