

Northern Skies

Dido

I have returned to northern skies
Where summer hasn't touched
The clouds that pass above I have returned to sombre greys
Of days too early to come
And too hurried to stay I have left a million stars
And an ocean light and clearly blue
I have left the warmth of the sun
And a million adventures not yet begun For once there was beauty here for me
Under the wide northern skies And once there was magic here for me
Under the wide northern skies
I saw trees as green and this dark as blue
Heartbreak and poetry with deeper roots
And now I know this is lonely country
And it leads me only back to the sea For once there was beauty here for me
Under the wide northern skies
And once there was magic here for me
Under the wide northern skies I have returned to northern skies
Where summer hasn't touched
The clouds that pass above I have returned to sombre greys
Of days too early to come
And too hurried to stay For once there was beauty here for me
Under the wide northern skies
And once there was magic here for me
Under the wide northern skies And once there was beauty here for me
Under the wide northern skies And once there was magic here for me
Under the wide northern skies hmmmmmm hmmmmmm hmmmm
hmmmmmm hmmmmmm
hmmmmmm hmmmmmmmmmm
hmmmmmmmm hmmmmmmmm
hmmmmmm hmmm hmmmmmmmm
hmmmmmmmm hmmm hmmm I have returned
hmmmm hmmm
hmmm hmmmm
I have returned ohoooooo
