

# Amber Alert

## Bali Baby

[Intro]

Be on alert like your name Amber

Muah! [Hook]

I'm moving fast, just like a panther

Not talking money? I cannot answer

Making money so you know they can't stand her

She moving dirty, like she a dancer

My lyrics breaded, like it's some cancer

Be on alert, like your name Amber

Your nigga broke, bitch raise up your standards

She hopping around, like she is a prancer

I'm moving fast, just like a panther

Not talking money? I cannot answer

Making money so you know they can't stand her

She moving dirty, like she a dancer

My lyrics breaded, like it's some cancer

Be on alert, like your name Amber

Your nigga broke, bitch raise up your standards

Hopping around, like you is a prancer

[Verse 1]

They asking me, am I illegal?

Water dripping on my shit, it's a seagull

Crushing bitches, cause these bitches is beetles

Rap on a track, they say my shit lethal

Taking your chance, just like a free throw

Empty the clip, then you gon' reload

Bitches pockets empty, sitting on zero

These bitches actors like they work at regal

Little bitch, I got the power, I am the man of the hour

First I am sweet, then I'm sour

I'm going stupid, I can't go to Howard

You running off, little bitch, you a coward

Plucking you off, like you is a flower

My money tall like a tower

I'm screaming pussy is power!

I lay 'em dead, and I'm making money, by the hour

Yeah you heard me!
