

# I Am the Arsonist

Silverstein

Throwing up at the thought of you two,  
How could you do this?  
My best friend with my bride,  
Now you tell me you are leaving.  
They'll see a fire through the dark night sky  
I hope your home when I arrive.  
If there's a pyre in the afterlife,  
I'll be there again to light the match.  
Burn  
Gasoline and fire is the perfect combination  
Light it up,  
Burn it down,  
Breathe in my addiction.  
They'll see a fire through the dark night sky,  
I hope your home when I arrive.  
If there's a pyre in the afterlife,  
I'll be there again to light the match.  
I am the light that warms up your body, that sets free the demons inside.  
I am the one that never ignores you, that never will let you down.  
They'll suspect, but they'll never prove I was there (I was there).  
In my veins, I feel the rush of adrenaline (of adrenaline).  
I am the light that warms up your body.  
(It's too hard to run away, when I watch you stay)  
That sets free the demons inside.  
I am the one that never ignores you.  
(To watch it burn, watch it churn into dust)  
That never will let you down.
