

Mutiny Below

Ludo

Here I am, at home again, this rainy avenue
Put me in my proper place, I'm not the one for you
But you're here now, can you come in?
It's freezing...
I'd found a way to blur your face and smear the words you said
You made me feel alive again, I wish we'd never met
But you're here now, can you come in?
I'm freezing...I finally let go and learned to live without you
After all those weeks alone, but now you're back for more
I'm trying to fight it off but there's a mutiny below
There were nights when I was sure your love was all I had (so bad)
Pining at the door you left through, God it hurt so bad
But you're here now, you're making eyes
I'm breaking...I finally let go and learned to live without you
After all those weeks alone, but now you're back for more
I'm trying to fight it off but there's a mutiny below
I finally let go
But there's a mutiny below "Just one more night..." you ask so tenderly - a softer side
I'd longed so long to see
(So long) You slip inside, we'll work it out
Tomorrow...I finally let go and learned to live without you
After all those weeks alone, but now you're back for more
I'm trying to fight it off but there's a mutiny below
I finally let go (I can't live without you)
I'm tryin' to fight it off but there's a mutiny
From everything left but my soul
I can't hang on - let me go
