

# Yours

Alina Baraz

Getting lost in the thrill  
We were high up in the hills, no track of time  
We slow it down, keep it real  
We could lie for the night, I'll be here Paradise in your eyes  
But I'm not yours and you're not mine  
You say you never want to go  
But if you run, you know I won't Love me like I'm never gonna leave  
Love me like I'm yours (yours) Love me like I'm never gonna leave  
Love me like I'm yours (yours) Love me like I'm never gonna leave  
Love me like I'm yours (yours)  
Love me like I'm never gonna leave  
Love me like I'm yours (yours) Something about you is so healing  
In the haze, in the days when you're near me  
Running on, on a feeling  
Keep it on, keep it going while I'm here Paradise in your eyes  
But I'm not yours and you're not mine  
You say you never want to go  
But if you run, you know I won't Love me like I'm never gonna leave  
Love me like I'm yours (yours) Love me like I'm never gonna leave  
Love me like I'm yours (yours) Love me like I'm never gonna leave  
Love me like I'm yours (yours)  
Love me like I'm never gonna leave  
Love me like I'm yours (yours) Paradise in your eyes  
But I'm not yours and you're not mine Paradise in your eyes  
But I'm not yours and you're not mine Love me like I'm never gonna leave  
Love me like I'm yours (yours) Love me like I'm never gonna leave  
Love me like I'm yours (yours)
