

# What's Hatnin' (feat. Future)

Justin Bieber

I pull up and then I hop out, like what's hatnin'  
I knock on the door, she know who it is, what's hatnin'  
She wanna roll, we 'bout to go, what's hatnin'  
We took off in that UFO, like what's hatnin'  
What's hatnin', what's hatnin', baby girl what's hatnin'  
Don't talk about it, just be about it, whatever happens, just happens  
What's hatnin', what's hatnin', baby girl what's hatnin'  
Don't talk about it, just be about it, you got it girl, what's hatnin' Do you wanna scream and  
shout?  
But I don't wanna fight babe  
I guess that's why I'm leavin' now  
I can't do nothin' right babe, what's hatnin' Arguin' won't fix the problem, talk with me baby we  
can solve it  
Be real with me, no other option, no other option, no other option  
Arguin' won't fix the problem, talk with me, baby we can solve it  
Be real with me, no other option, no other option, no other option  
We just need forgiveness baby, let me get to business  
I just, I just wanna give it to you  
Girl let's pick up where we started, we don't need to worry 'bout it  
We just wanna have fun tonight I pull up and then I hop out, like what's hatnin'  
I knock on the door, she know who it is, what's hatnin'  
She wanna roll roll, we 'bout to go, what's hatnin'  
We took off in that UFO, like what's hatnin'  
What's hatnin', what's hatnin', baby girl what's hatnin'  
Don't talk about it, just be about it, whatever happens, just happens  
What's hatnin', what's hatnin', baby girl what's hatnin'  
Don't talk about it, just be about it, you got it girl, what's hatnin' Hey love, what you waiting for?  
I've been waiting for a girl like you for a long, long, long, long time now  
Hey love, hey love, hey love  
Don't throw it away, don't throw it away, don't, don't throw it away  
Arguin' won't fix the problem, talk with me and we can solve it  
Be real with me, ain't no other option, no other option, no other option  
Arguin' won't fix the problem, talk with me, baby we can solve it  
Be real with me, ain't no other option, no other option, no other option I pull up and then I hop  
out, like what's hatnin'  
I knock on the door, she know who it is, what's hatnin'  
She wanna roll, we 'bout to go, what's hatnin'  
We took off in that UFO, like what's hatnin'  
What's hatnin', what's hatnin', baby girl what's hatnin'  
Don't talk about it, just be about it, whatever happens, just happens  
What's hatnin', what's hatnin', baby girl what's hatnin'
