

# Somebody's Somebody

Christina Aguilera

Wish I had somebody  
Wish I was somebody's Baby  
Somebody's Somebody'  
Somebody's Somebody' Watchin' lovers walkin'  
Hand in hand they pass me by  
Wish i was one of them  
Wish i had somebody  
Wakin' up beside me  
Looking into my eyes at night  
(I want a love to call my own)  
I want a love to call my own  
(I want someone that I can hold)  
I want someone that I can hold  
(I want someone wanting me)  
I want someone wanting me  
Wanna feel how it feels to be  
Chorus:  
Somebody's somebody  
Someone's someone  
Some sweet lover's lover  
I wanna be the one  
Someone faithful to someone faithful  
Someone kind to someone kind to me  
Somebody to somebody who loves me Spending all of my time  
Spending all my time on me  
Where is that someone who  
I can give my time to  
Searching for that lover  
With the love that will change my life  
(I want two arms to hold me close)  
I want two arms to hold me close  
(I want the thing I need most)  
I want the thing I need most  
Somebody needing me  
So I can feel how it feels to be, to be  
Chorus:  
Somebody's somebody  
Someone's someone  
Some sweet lover's lover  
I wanna be the one  
Someone faithful to someone faithful  
Someone kind to someone kind to me

Somebody to somebody who loves me  
What I'm looking for  
Is someone to love me more  
Than I've ever been loved before  
With love so right  
What I need to find  
Is someone to hold me tight  
What I mean is I want to be  
Chorus:  
Somebody's somebody  
Someone's someone  
Some sweet lover's lover  
I wanna be the one  
Someone faithful to someone faithful  
Someone kind to someone kind to me  
Somebody to somebody who loves me
