

Nobody

Kem

Pray for me
So I can know why
I can't get over you, oh baby
I lie to myself
But I can't deny the truth,
Hey girl I'm losing control
Cause all I want is you baby girl
How does it feel
To be everything
In my world?
Ain't never gonna be
Nobody, nobody
Nobody, nobody
Nobody like you,
Nobody like you
Ain't never gonna be
Nobody, nobody
Nobody, nobody
Nobody like you, baby yeah
Please wait and see
You might change your mind
And give love another chance, hey girl
You might even find
That I'm the very best man
You could never have, hey girl
So before you let go
Before the night is through
Hear me baby girl, girl yeah
You're my heart and soul
And I belong to you, baby yeah
Ain't never gonna be
Ain't never gonna be
Nobody, nobody
Nobody, nobody
Nobody like you
Nobody like you, girl
Ain't never gonna be
Ain't never gonna be
Nobody, nobody
Nobody, nobody
Nobody like you, hey girl, yeah
Nobody ever moved me

And nobody ever soothed me
And nobody ever will
I need you in my life, girl
Nobody has amazed me
Nobody
Girl, ain't nobody ever phased me
Nobody
Nobody's ever loved me right, all my life
Nobody like you, baby
Ain't never gonna be
Aint never gonna be
Nobody, nobody
Nobody, nobody
Nobody like you, baby
Ain't never gonna be
Nobody, nobody
Nobody, nobody baby
Nobody like you
Ain't never gonna be
Nobody, nobody
Nobody, nobody baby
Nobody like you
Nobody like you, baby
Ain't never gonna be
Nobody like you, hey girl
You are my everything babe
You are my everything girl, yeah
Nobody like you baby
Everything I want
Everything I need, hey girl
Nobody like you
Baby, baby
There ain't nobody like you, girl
Nobody like you, baby
You're my everything
You're my sunshine, hey girl
Nobody like you
