

Do It!

Dizzee Rascal

(Intro)

Ohhh... oi its real out here
Like no one understands sometimes
People can see whats really goin on
People just go in mad in front of me, you get me
Everyone's growin' up too fast
Feds don't understand us, adults don't understand us
No one understands us
We just live life for what we do like, its real, its raskit
Yo, shout to all the mandem, yo, i'm reppin'
I'm tryin' to listen, yo

(Verse 1)

Sometimes I wake upm wishin' I could sleep forever
I spend my whole life tryin' to pull myself together
Tryin' to re-assure myself that I ain't goin' mad
I gotta come to a conclusion, it's now or never
Sometimes I wake up wishin' I could sleep for years
I've been through anger, pain, blood, sweat and tears
You'd think that any kid in my position would be glad (you would)
Quite the opposite, more worries, more fears
Sometimes I wake up wishin' I could sleep for days
It's like I'm lost in love and I'm only in it coz it pays
I find myself back on road, things are gettin' bad
More and more I'm goin' back to my old ways
Sometimes I wake up wishin' i could sleep for good
And if I had the guts to end it all, believe I would
Its gettin' borin' always being miserable and sad
Shit, I would love to be polite really I wish I could
But life's pressures often get me down
Sometimes I feel there's not a lot to smile about so I frown
And I talk a big whole heap of badness
Because my life's a big whole heap of madness
I've seen a lot, maybe more than I can take (real)
I'm under pressure everyday, tryin' not to break (ooohhh)
But I'll survive coz its what I do best (get me)
I'm a challenger, put me to the test

(Chorus)

Sleep tight everything will be alright
By the end of the night will be the day
Just pray that you see it
Strong, you got to be it if you wanna get through it
Stretch your mind to the limit, you can do itSleep tight, everything will be alright

By the end of the night will be the day
 Just pray that you see it
 Strong, you got to be it if you wanna get through it
 Stretch your mind to the limit(Verse 2)
 Its almost like I got the world on my shoulders
 Sometimes, yo, I struggle
 Sometimes you know I'm hittin petty crimes
 But we livin' hard times
 No one to turn to and no one to talk to
 Life's a doorway, everybody walk through
 Everybodys talkin', but nobody's listenin'
 Everyday some new shit, week out and week in
 All this negativity, why you tryin' to get at me?
 All up in my life (raaah)
 Where did you get the energy
 I don't feel well but you still bother me
 You're givin' me a headache man, you might as well just clobber me
 Blud lately I've been lonely but you only phone me
 When you want a favour then you wonder why I'm moany
 Don't really ask much so I don't owe much
 Don't receive a lot of love so I don't show much
 But the little that I'll do I put it in a song for you
 Handle your business because I do(Chorus)
 Sleep tight, everything will be alright
 By the end of the night will be the day
 Just pray that you see it
 Strong you got to be it if you wanna get through it
 Stretch your mind to the limit, you can do it (you can do it)Sleep tight, everything will be alright
 By the end of the night will be the day
 Just pray that you see it
 Strong you gotta be it if you wanna get through it
 Stretch your mind to the limit, you can do it(Outro)Shout to all the younga's, E3 do your thing
