

Good God Damn

Arcade Fire

You want to get messed up?
When the times get rough
Put your favorite record on, baby
And fill the bathtub up
You want to say goodbye
To your oldest friends
With the good God damn
With the good God damn
Lay out your clothes
It's time to go
It's always darkest before the dawn
The sun never shows
I could say goodbye
To your oldest friends
Maybe there's a good God, damn
Could there be a good God? Damn
Could there be a good God? Damn
Maybe there's a good God
Damn
Let me get messed up
When the times get rough
Put your favorite record on, baby
Fill the bathtub up
You could say goodbye
To your sick old friends
Maybe there's a good God, damn
Could there be a good God? Damn
Could there be a good God? Damn
Maybe there's a good God, damn
Maybe there's a good God, damn
Maybe there's a good God, damn
Maybe there's a good God
If He made you, ooh ooh, ooh ooh
If He made you
