

# Rock the Blues Away

AC/DC

Drivin' in my car  
I'm heading for the local bar  
Pickin' up my girl tonight  
Everything is gonna be alright  
Shootin' pool with my friends  
Smokin' cigarettes  
Tellin' jokes out loud  
Laughing with the crowd And we're rocking  
And we're rolling  
And we're laughing  
And we're joking  
And we're rocking  
Baby we're rocking and rolling  
We won't get the blues because we  
Rock the blues away  
Up all night and day  
Drink the night away  
Until the light of day And when I'm on the way back home  
Listening to the radio  
I hear some great rock sounds  
That make you wanna sing out loud And we're rocking  
And we're rolling  
And we're laughing  
And we're joking  
And we're rocking  
Baby we're rocking and rolling  
We won't get the blues because we  
Rock the blues away  
Up all night and day  
Drink the night away  
Until the light of day Rock the blues away  
Up all night and day  
Drink the night away  
Until the light of day, yeah yeah  
Rock the blues away  
Up all night and day  
Drink the night away  
Until the light of day
