

Pray

PureNRG

Overwhelmed and uninspired
Miscommunication breakdown
I'm in an ocean
Trying to start a fire
From Burning out I know what I've got to do
Take my time and talk to You... On my knees
Flying through the blue sky
Miles away...
I see clearly
Every single time I
Close my eyes and
Pray...
Pray...
I need a constant conversation
A heart to heart, long distance call
So when I start to feel the separation
I will fall... On my knees
Flying through the blue sky
Miles away...
I see clearly
Every single time I
Close my eyes and
Pray...
Pray... All my worries disappear
When I'm standing here On my knees
Flying through the blue sky
I'm here to stay
On my knees
Flying through the blue sky
Miles away-ay-ayeah.
I see clearly
Every single time I
Close my eyes and
Pray...
Pray...
Pray...
Pray... Pray...
Pray...
Pray...
Pray...
I need a constant conversation

A heart to heart long distance call
