

# Call Me

Carly Pearce

I bet you're watchin' that clock tick-tock, sittin' all alone  
Tryin' to fix that broken-heart heartbreak on your own  
I bet it's been a little while since you let yourself have some fun  
Well, baby, you don't need no permission  
But if you need a reason, I could be the one We can go downtown  
We can stay out all night  
Turnin' the neon in the morning light  
Why would you stay home?  
No need to be lonely  
You got my number  
For a good time, call me  
Whatever you want, that's all me  
Yeah, I could be that somebody  
That you're gonna hold tonight (Tonight)  
For a good time, call me  
Baby, you won't be sorry  
Lay your hands and kisses on me  
And I'll make it all alright, alright (Alright) I got a mix that I made for the weekend on the stereo  
I got a black leather jacket and a red dress, they're ready to glow  
The only thing missin' is that knock, knock, knockin' on my door  
Well, you don't need 'em now, they are where I'm at  
Tell me, baby, what you're waitin' for We can go downtown  
We can stay out all night  
Turnin' the neon in the morning light  
Why would you stay home?  
No need to be lonely  
You got my number  
For a good time, call me  
Whatever you want, that's all me  
Yeah, I could be that somebody  
That you're gonna hold tonight (Tonight)  
Yeah, for a good time, call me  
Baby, you won't be sorry  
Lay your hands and kisses on me  
And I'll make it all alright, alright (Alright) We can go downtown  
We can stay out all night  
Turnin' the neon in the morning light  
So why would you stay home?  
No need to be lonely  
You got my number For a good time, call me  
Whatever you want, that's all me  
Yeah, I could be that somebody

That you're gonna hold tonight (Tonight)  
Yeah, for a good time, call me  
Baby, you won't be sorry  
Lay your hands and kisses on me  
And I'll make it all alright (Alright) For a good time, call me  
Baby, call me, baby, call me  
Yeah, baby, what you're waitin' for tonight
