

# Interplanetary Party

## Santana

Yea... What's Happening  
C'mon in Man... We Got a Good Party Going on in Here  
Ahhhhh. Get Down  
Brothers and Sisters, Now is the Time to Get Up  
Get on the Floor  
Dance to the Music  
We Find Joy in the Light  
That We've Been Searching For 'Cause It's a Party...  
Interplanetary Party  
Yes It is Y'all  
Said It's a Party...  
Interplanetary Party  
Just Imagine Living in a Place Where We Can Live as One  
Faith and Trust and Life Without Borders  
Peace for Everyone  
Calling Out to All of God's Children, Just Need to Understand  
War Has Never Been a Solution  
Let's Embrace our Fellow Man 'Cause It's a Party...  
Interplanetary Party  
Yes it is Y'all (Get on the Floor)  
Said it's a Party...  
Interplanetary Party (Make Love Not War)  
Visions of the Day When Hunger No Longer Will Be  
Clothing, Shelter, Let the Hot Water Wash out Poverty  
Reaching out to All of Our Nations, We Must Understand...  
Problems Disappear When We Give Without Selfishness  
'Cause it's a Party...  
Interplanetary Party  
Yes it is Y'all (Get on the Floor)  
Said it's a Party...  
Interplanetary Party (Make Love Not War)  
Now's the Time to Bring the World Together  
We're Not Leaving Anybody out  
Love is What We Need Now More Than Ever  
Christian Baptists, Hebrew, Islamic  
Doesn't Matter What You Are  
All We're Asking For is Compassion  
There is Room For Everyone (Guitar Solo) (Back it up, Back It Up)  
C'mon Now (Ahh... Back it Up, Back it Up) Interplanetary Party...  
Get on the Floor  
Yea it's a party...  
Interplanetary Party  
Make Love Not War  
Said It's a Party  
Interplanetary Party  
It's a party
