

# Ghosts

## Mako

You've confessed all you had to you.  
Youth possessed out of fear that they never had to loose.  
Are we changing, I need you to say that tomorrow we're save from my yesterday.  
Who are the ghosts watching over us?  
Who do we follow when we're lost and we've had enough?  
Who are the ghosts watching over us?  
Who do we call to know we're not here alone in the dark?(To know we're not here alone in the dark.)Who are the ghosts watching over us?  
Who do we call to know we're not here alone in the dark?You've confessed all you had to you.  
Youth possessed out of fear that they never had to loose.  
Are we changing, I need you to say that tomorrow we're save from ymy esterday.  
Who are the ghosts watching over us?  
Who do we follow when we're lost and we've had enough?  
Who are the ghosts watching over us?  
Who do we call to know we're not here alone in the dark?  
Who are the ghosts watching over us?  
Who do we call to know we're not here alone in the dark?
