

The Day I Fall In Love

James Ingram & Dolly Parton

Just an ordinary day
Started out the same old way
Then I looked into your eyes and knew Today would be a first for me
The day I fall in love On the day I fall in love
The sky will be a perfect blue
And I'll give my heart forever more
To someone who is just like you
The day I fall in love
People all say, love is wonderful
That the bells will ring and birds will sing and skies will open
I wonder where's that great big symphony
Roll over Beethoven won't you play with me? And I'll never promise to be true
To anyone, unless it's you
Unless it's you
The day I fall in love People all say love is wonderful
That bells will ring and birds will sing and skies will open
I wonder where's that great big symphony
I'll be your Beethoven, roll over, Beethoven
Come and play with me
Just an ordinary day
Started out the same old way
Then I looked into your eyes and knew
Today would be a first for me, a first for me
The day I fall in love
I know you'll be there
The day I fall in love
