

Good God O'Mighty

Colt Ford

When you're late for work, good god almighty
When your boss is a jerk, good god almighty
When your feelings get hurt, good almighty
Sometimes you gotta yell "good god almighty"
When your truck breaks down, good god almighty
When your girl's running 'round, good god almighty
When you're the talk of the town, good god almighty
Come on everybody yell "good god almighty" Woke up this morning about past 8
Work started at 7
And I was still smelling like seagrams 7
Oh hell, don't know what I'm gonna do
Man one sock is brown the others blue
Wheres my dang keys man wheres my truck
Ol scam musta took it that sonofa buck
Got to go ask the neighbor if I can borrow his saab
Cause mondays rent due, shoot I need this job
Got the keys from slim took off slinging rocks
Hit the town doin 90 lord there's the cop
Now I'm pulled over in front of the bossman's gate
Got liquor on my breath lord I'm scared to death
Now the sherrif's looking at me like we ain't friends
Then I seen the camera crew not cops again
Once was enough, I guess the devil's inside me
Somedays you gotta say "good god almighty" When you're late for work, good god almighty
When your boss is a jerk, good god almighty
When your feelings get hurt, good almighty
Sometimes you gotta yell "good god almighty"
When your truck breaks down, good god almighty
When your girl's running 'round, good god almighty
When you're the talk of the town, good god almighty
Come on everybody yell "good god almighty"
Well I done went and hired me one of them P.I.'s
'cause I think my ol lady's tellin me some lies
Now I'm looking at the tape and its her with slim
When I was out working hard she was home with him
No wonder he was eager to let me borrow his car
But now he's comprehended in the cookie jar
They would thinking that the drinking might make me forget
But I'm sharper then bear claws, slicker than goose shit
They say life's a bitch and the shit just happens
I guess thats the truth cause I'm a country boy rappin
Got my stuff all packed, everything's a blur

And my damned ol dog wants to go with her
 Man this is crazy I'm a pretty good dude
 A little rough around the edges and an attitude
 I don't know what do to
 I guess the devil's inside me
 Sometimes you gotta yell "good god almighty"
 When you're late for work, good god almighty
 When your boss is a jerk, good god almighty
 When your feelings get hurt, good almighty
 Sometimes you gotta yell "good god almighty"
 When your truck breaks down, good god almighty
 When your girl's running 'round, good god almighty
 When you're the talk of the town, good god almighty
 Come on everybody yell "good god almighty"
 Good god
 Good god
 Good god
 Good god almighty
 Good god
 Good god
 Good god
 Good god
 Good god almighty
 When you're late for work, good god almighty
 When your boss is a jerk, good god almighty
 When your feelings get hurt, good almighty
 Sometimes you gotta yell "good god almighty"
 When your truck breaks down, good god almighty
 When your girl's running 'round, good god almighty
 When you're the talk of the town, good god almighty
 Come on everybody yell "good god almighty"
 When you're late for work, good god almighty
 When your boss is a jerk, good god almighty
 When your feelings get hurt, good almighty
 Sometimes you gotta yell "good god almighty"
 When your truck breaks down, good god almighty
 When your girl's running 'round, good god almighty
 When you're the talk of the town, good god almighty
 Come on everybody yell "good god almighty"
