

Elephant in the Room

6LACK

Are you tied up, I called
I been waitin' for you
Say you got me I'm callin' it off (Callin' it off, I'm callin' it off)
Callin' it off (It off, on God, that's true)
Want me to tighten up, but you ain't never playin' fair
You ask me if I'm choosin' my dreams over you, I said, hell, yeah, yeah I know love come and
goes
I got so much love I can show
But I got so much shit left to do
Can we roll, can we roll, can we smoke
Can we talk about this shit like, mmm
Time to address the elephant in the room
Need to have the convo, shit been on my mind, like, huh
Time to address the elephant in the room (Can't live without) Say what's on my mind
Don't make me choose, I might piss you off (Oh yeah, oh yeah)
I'll be damned if I let you make me slip and fall
Oh, you want some compromising
Tell me what you providin'
If you want some comprimising, yeah
Oh, you want some compromising
Tell me what you providin'
If you want some comprimising, yeah I know love come and goes
I got so much love I can show
But I got so much shit left to do
Can we roll, can we roll, can we smoke
Can we talk about this shit like, mmm
Time to address the elephant in the room
Need to have the convo, shit been on my mind, like, huh
Time to address the elephant in the room Don't make me choose, I might piss you off (Oh yeah,
oh yeah)
I'll be damned if I let you make me slip and fall
