

# Belle Fleur

## Stevie Nicks

Mountain women  
Living in the canyon  
Canyon dancing  
All night long  
They form a circle  
Hand in hand  
Are you with me lady stranger  
His voice rings  
Are you looking for a man...Will you dance with me  
Will you dance with me, baby  
Whoa...oh...oh...This is no ticket for dreamland  
A garden for fevers to grow in  
As I run through the door of the long black...car...  
Belle...  
Will you dance with me  
Will you dance with me, baby  
Oh...oh...  
And the days go bySunset sound  
Sunrise  
Sing to me  
A lullaby  
Sing to me  
Of the daylight...  
I will sing you a story of moonlight  
Oh, whoa...  
(will you dance with me)  
Will you dance with me, baby  
Sunset sound  
Sunrise  
Sing to me  
A lullaby...  
I will sing to you...  
Of the nighttime...  
I will sing you a story of moonlight  
Moonlight...Will you dance with me  
Belle blue  
Belle flower...  
It's just love  
It's only love  
Oh...  
So will you dance with...me...Mountain women  
Living in the canyon

Canyon dancing  
All night long  
They form a circle  
Hand in hand  
Are you with me lady stranger  
His voice rings  
Are you looking for a man...  
His voice rings  
Are you looking for a man...  
Are you looking for a man...
