Breton

Drag myself out from there
Drag myself out from there
 And how would I
Live in two places at once
 And how would I
Drag myself out from there
2' / Drag myself out from there
 And how would I?!
Be in two places at once
 And how would I
Drag myself out from there
 And how would I?!
Live in two places at once
 And how would I
Drag myself out from there
 And how would I
Be in two places at once
 And how would I
Drag myself out from there
 And how would I
Be in two places at once
 And how would I
Drag myself out from there
 And how would I
Be in two places at once
 And how would I
Drag myself out from there
 And how would I
Be in two places at once
 And how would I
Drag myself out from there
 And how would I
Be in two places at once
 And how would I
Drag myself out from there
